* The official Core Curriculum Course requirements are stated in the "Academic Information" section of Georgia Southern University Catalog. The official BBA specific and Information Systems major requirements are stated in the "College of Business Administration" section of the Catalog.

This recommended four-year program of study is based on that official information and has been prepared to help students plan their own program of study. Students are encouraged to take advantage of summer semesters to catch up, get ahead, participate in internships or co-operative education programs, or related volunteer and service opportunities.
